PROFESSIONAL SUMMARY

Motivated third-year Bachelor of Information Technology student with a Diploma in IT from IBS University, Port Moresby. Skilled in networking, cybersecurity, operating systems, and data fundamentals, with hands-on experience building real-world software systems through academic projects. Passionate about leveraging technology to drive digital transformation and committed to continuous professional development.

EDUCATION

Bachelor of Information Technology (Ongoing)

2024 – 2028

IBS University, Port Moresby, PNG | Current GPA: 3.25

Diploma in Information Technology

Completed Nov 2025 | Awarded Apr 2026

IBS University, Port Moresby, PNG

ACADEMIC PROJECTS

Emergency Dispatch System – RPNGC

Developed a real-time emergency dispatch platform for the Royal Papua New Guinea Constabulary featuring citizen, officer, and HQ portals with live incident tracking.

Poultry Business Order Tracking System

Built a full-stack order management and tracking system for a local poultry business, improving operational efficiency and order visibility.

Student Portfolio Website

Designed and deployed a personal IT portfolio website showcasing projects and certifications. Available at: deve123-dev.github.io/benjamin-bino.github.io

LAN Network Configuration

Configured and documented small-scale LAN networks as part of coursework, applying subnetting and topology design principles using Cisco Packet Tracer.

Hardware Maintenance Lab

Conducted preventive maintenance, component installation, and troubleshooting of hardware and software in laboratory environments.

TECHNICAL SKILLS

• Network Setup & Data Communication	• Object-Oriented Programming
• Cybersecurity Fundamentals	• Web Design & Development
• Operating Systems (Windows, Linux basics)	• SQL & Data Management
• Computer Hardware & Preventive Maintenance	• Data Fundamentals & Basic Analytics
• Cisco Packet Tracer	• MS Office Suite (Word, Excel, PowerPoint)
